# Industrial Placements Sought

## MEng in Software Engineering

### The Students:

- An elite international group of our very best software engineers.
- Previously interviewed and vetted by a panel of industrialists.
- Already completed an industrially applied group project.
- Completing a 5 year MEng degree in Summer 2024.

*“Heriot-Watt provided us with access to high quality MEng students and we have been really pleased with the outcome and value for money provided .... It is definitely a resource we will use again” – Sue Balatoni, Helixion Ltd.*

*“Our MEng placement students were so good we snapped them up when they graduated; and then went back for more!” – Tom Johnston, Programme Manager.*

### The Placements:

- Challenging Software Engineering or ICT-related Work.
- Full-time and Paid (12-30 weeks from June to December 2023).
- Lightweight University Assessment & Flexible Arrangements.

If you are interested in providing a mutually beneficial placement, or require further information, please contact:  
Dr Hans-Wolfgang Loidl (0131 451 3421, H.W.Loidl@hw.ac.uk, www.macs.hw.ac.uk/~hwloidl)

# MEng Software Engineering Selection

- Decision process during third year
- On track for 1<sup>st</sup> or Upper 2<sup>nd</sup> degree
- Selection
  - Initially on CV
  - Interview with an Industrial/Academic panel

# MEng Software Engineering Interested?

- More information [here](#)

(Google “heriot watt meng software”)

- <http://www.macs.hw.ac.uk/~hwloidl/MEng>

(Google “Hans-Wolfgang Loidl Heriot-Watt”)

- Big Questions:

- Are you interested in the programme?
- Do you have the academic profile?
- Can you afford the extra year?

# MEng Software Engineering

## What Happens Next?

### ■ Mail me a CV

- by Friday **24<sup>th</sup> March**
- Hear outcome of initial selection at the latest by the end of next week
- If successful, attend an interview in the week starting 17<sup>th</sup> April.

### ■ Questions?
