Eighth Meeting of the
North British Mathematical Physics Seminar

14 Feburary 2004 at the ICMS, India Street, Edinburgh

Scientific Programme

11:30	Coffee
12:00	**Michela Petrini** (Tours) G-structures and N=1 solutions
13:00	Lunch
14:00	**Gary Gibbons** (Cambridge) Consistent reductions form higher dimensions in gravity and supergravity theories
15:00	**Chong-sun Chu** (Durham) Colliding Plane Waves in String Theory
16:00	Tea
16:30	**Simon Philip** (Edinburgh)) Homogeneous geodesics in spacetime and the Penrose limit
