

Coursework A (0 marks, but you fail if you don't submit an adequate attempt)

Find three other dataset repositories as follows:

1. One that specialises in **sports** data
2. One that specialises in **time series** data
3. One that specialises in anything else that is interesting.

For each of these three, tell me the URL, and write one paragraph, ~100 words, in your own words, describing the contents of this repository,

Submit on or before 23:59pm Friday October 10th
