

### **Scores used to determine individual exemptions (BSc Actuarial Science and BSc MSAS)**

The following scores were determined by the IFoA Independent Examiners to be the level required to obtain recommendation for individual exemption (ie, where exemptions not received through the block exemption route). The necessary score for each IFoA subject is the average of the scores required for the underlying Heriot-Watt courses. See the undergraduate student guide for further details. Exemption recommendations are finalised only after your degree is complete.
